REMARKS

Applicants submit herewith a substitute Sequence Listing as required by 37 C.F.R. §1.825(a). The sequence listing was amended to incorporate the amino acid motif recited in claim 5. In addition, Applicants submit a paper copy of the substitute sequence listing as required under 37 C.F.R. §1.825(b). The copy of the sequence listing in computer readable form is the same as the substitute paper copy of the sequence listing. I hereby state that this submission, filed in accordance with 37 C.F.R. §1.821(g), does not contain new matter. Applicants hereby submit that the specification is in compliance with the requirements of 37 C.F.R. §1.821-1.825.

Applicants note that the His-Xaa-Xaa-Xaa-His amino acid motif recited in claims 1, 4, 16, 26, 28, and 30, and at page 10, does not require a sequence identifier as the motif has fewer than four specifically defined amino acids. See, 37 C.F.R. §1.821(a).

No fees are due as this response is being filed before the end of the shortened statutory period. Please apply any other charges or credits to Deposit Account No. 06-1050.

Respectfully submitted,
